

BC POWDER

Dry Powder Fire Extinguishers are small but highly efficient fire extinguishers offering protection against class B & C fires and safe to use on electrical fires. These models are ideal for a wide range of domestic applications and motor vehicles. Safe for use on live electrical equipment.

- ★ Manufactured to BS6165:2002.
- ★ Fully Certified by BSI & Kitemarked.
- ★ Minimal maintenance required.
- ★ Factory sealed stored pressure.
- ★ Supplied with Durable plastic polypropylene bracket (FX600DP).
- ★ Supplied with coated metal spring clip (FX900DP).
- ★ Aluminium light weight product.
- ★ Controlled discharge.
- ★ 5 Year manufacturer warranty.

Technical Specifications	FX600DP	FX900DP
Capacity	600g	900g
Extinguishing medium	BC Dry powder	BC Dry powder
Fire Rating	21 B - C	34 B - C
Pressurising gas & pressure	Nitrogen 7 Bar @ 20°C	Nitrogen 7 Bar @ 20°C
Discharge Time	6 seconds	10 seconds
Operating Temperature	-20°C to +60°C	-20°C to +60°C
Cylinder material	Aluminium	Aluminium
Cylinder weight & volume	66g - 0.6 Litre	82g - 0.8 Litre
Extinguisher height & cylinder diameter	268mm - 59mm	291mm - 66mm
Gross weight	720g	1020g
Test Pressure	18 Bar	18 Bar
Single pack size (cm) & weight	30 x 8 x 8 - 820g	30 x 8 x 8 - 1100g
Multipack size (cm) & weight	32.5 x 29.5 x 14.5 - 7.5 Kg (10 / pack)	32.5 x 29.5 x 14.5 - 8.5 Kg (8 / pack)
